HOWARD CARTER FINDS TUT!!!!!!!!!!!!!!!!!!!!!!

Yesterday Howard Carter made a mouth watering discovery and found the lost pharaoh in the valley of the kings Luxor Egypt Tutankhamen . Howard Carter found Tutankhamen on 22nd November 1922 . He was looking for 20 years.

The amazing Theodore Davis was helping the rich and powerful Lord Carnaven look for the lost pharaoh who was berried in the valley of the kings. As they where fiercely braking a sweat they came across a tomb.

As they excitedly waited to crash the door down they let Howard Carter in first . Suddenly a gasp came out of Howard carters mouth . He quietly wisped "its been robbed" "WHAT!"

Theodor Davis shrieked "YOU LAZEY MAN!" then Theodor Davis stormed of.

In 1914 Lord Carnaven got the permit after Theodor Davis stopped working with Howard Carter after finding a empty tomb . Lord Carnaven was waiting for about 20 years to get the permit then unfortunately he had to stop because the war got in his way.

After the treacherous war stopped the team started digging once again . After a hard working week finally a little water boy just playing in the sand found a hidden step that led to a mysterious tomb . Of a non living human .

They say he was made king at the age of 8. Finally they made a tiny hole so all the piousness gasses could escape before they entered the tomb . Howard Carter peeped in and said "I see wonderful things".

As the entered the old chamber they saw many artifacts and items there. Pointing towards burial chamber was to black and gold guards. As they saw Tutankhamen in the tomb they said our job is dun.

If you want to see more artifacts they where taken to the Museum of Cairo.

Tutankhamen rich tomb found with real body inside
