## Tomb-ankhamen found

Yesterday 22nd nov  
1922 Howard Carter  
Discovered long lost  
Tomb king  
Tutankhamen in the  
valley of  
Kings. He was  
convinced it was there  
for  
Over 20 years .

In 1901 carter was  
working alongside  
Theodore Davis  
where they came up  
on a empty tomb.  
Following this Davis  
stopped working with  
carter because he felt  
Like Carter had made  
him a fool.

Following this in 1905  
carter met Lord  
Carnarvon and they  
started to dig outside  
the valley of the kings  
because they didn't  
have a permit .

In 1914 lord car  
Narvon bought the  
permit because davis  
reported that there  
was nothing left to  
find in the valley of the

kings .Carter was still  
working with the  
lord . Unfortunately  
between 1914-1918  
world war I broke  
out and all the digging  
stopped .After so long  
waiting for the permit  
Carter was very  
disappointed .

In 1919 all the digging  
started again lord  
Caernarvon still had  
the permit . Carter  
was still working for  
Lord  
Caernarvon .Carter  
had been digging for 3  
years until a water  
boy found a step it led  
to a blocked doorway.  
Carter sent a telegram  
to lord Caernarvon  
who rushed to Egypt .

Carter and  
Caernarvon made a  
small hole so all the  
poisonous gasses  
could escape Carter  
looked through the  
hole Caernarvon  
asked can you see any  
thing Carter replied I  
see wonderful things .

They went into the

antechamber and  
found many artifacts  
made from gold .

All the artifacts were  
sent to the museum of  
Cairo.

This is Tut's  
sarcophagus.

- Facts about Tutankhamen
- Tutankhamen became king wen he was 9
